Hawaiian Topical Dictionary

Hawaiian to English, arranged by part of speech, then by category, then alphabetically.

How to use this book

Each section is a part of speech (pronouns, nouns, verbs, adjectives, and so on). Within a section, words are grouped by topic and listed alphabetically within each group. Larger categories are divided into subcategories such as Pets & Farm Animals or Sea Life. The ʻokina and kahakō are ignored when alphabetizing.

A word used as more than one part of speech is defined in each section, with a note such as [also v.]. A word that fits more than one category is listed in each, with a note such as [also in Plants].

† marks a word spelled with letters borrowed from English (such as b, d, r, s, t, or v), an older spelling style that standard Hawaiian replaces with native letters.
